Race Assistant is Copyright of Stokes Bay Sailing Club Ltd.

How Race Assistant helps your club:

Race Assistant:

- Helps Race Officers start and run races
- Is customisable to your club's start sequence
- Needs no instructions – it's as easy to use as an ATM

Here's what the Race Officer sees →

Race Assistant v4.0

One click collects your sign-ons from SailEvent

Click to
Collect Sailevent entries
and run a race

...or you can enter them manually

IN CASE OF EMERGENCY
If SailEvent entries aren't available:
Click keyboard icon to enter boats manually

Race Assistant

That's it - we're done for the day!
Let's print the results and pack up.

Results will be printed. If you then want to run another race you can start again from scratch (close Race Assistant, launch a new one and import entries from SailEvent).

I want to start another race.
We'll print the results afterwards.

The sign-on sheet from the previous race will be re-used, but you will have the chance to edit it. All results will be printed after racing has finished.
